Padlocks Put On County Gambling By Law Officers

One of the Most drastic Moves in the History of the County

Palm Beach County for the first time in many years knows what it means to be dry, in the sense that all gambling, has been closed by the Governor's direction, and passed along to the law enforcement officers of the counties of the state to enforce.

On Monday, Sheriff John Kirk, and his deputies, notified all known places where one or more games of chance had been operated, to close up, and the gambler's homecoming was over. By that night these places were dry, and the State Troopers, other than punch boards, no form of gambling was attempted to be carried on by operators.

Following instruction from the Attorney General's office, County Prosecutors, including Harold Williams, just assuming his office, passed along word to the Sheriff's department of what would be expected by the Governor, the Attorney General and his own office, carrying out the mandate of the Governor.

Constable Ray Whitlock, of District 8, got into action on Monday, when he arrested Harry Lelovitz, operator of the Brass Ball bar, for the display and permitting play on punch boards. Lelovitz was arraigned in Justice George W. Leland's court, where he pleaded not guilty as charged, he was bound over to a hearing before Judge Newman on Tuesday, where he again entered a plea of not guilty, and is awaiting trial on the information.

This action may develop into a test case as to the legality of such punch boards and their kindred devices, even though they are not used for the purpose of use and tax paid for permission to use such boards.

Taboo has been placed on the operation of slot machines in establishments, clubs and entertainment spots, but the sheriff has not seized any of these machines, which have mostly gone undergrounds since last Saturday.

Produce Prices Climb Due To Recent Freeze

Before the freeze, commercial produce buyers were turning thumbs down on all but the high grade produce, and offering prices that did not give growers adequate returns.

Since the freeze, the tune has changed, and they are eager to snap up any available vegetable at higher prices.

The demand for produce is in excess of the supply, but such crops that can be harvested are in demand and are quickly sold.

The average price of produce this week in the Belle Glade market were: Beans, 75c per bushel; corn, 40c per bushel; celery, 40c to 75c, mostly Golden but some Pascal; cabbages, 45c to 50c; cabbage, 45c to 50c; 50 pound sack; potatoes, 32c to 35c.

The potato crop from the Scoville, Hillsboro, Chambliss and other farms, are now being harvested, and being banded through the Keweenaw, Florida and American Fruit Growers plants.

Some growers are planning on the spring crop of potatoes, possibly around 100 acres. Celery being harvested is of good quality, but the available quantity is not available, as only a few growers are able to cut.

State Highway Commission Has Announced That Its Annual Budget Meeting Will Be Held In Lakeland On January 24th, for the tentative adoption of the 1949 budget.

The department will start out with a depleted treasury, owing to the fact that near nine millions of department money is earmarked for contracts which are now under order or construction. Careful budgeting of future tax income will be necessary.

Governor Fuller Warren has set his temporary Purchasing Department, and same is in operation. One division has reported that it already had made considerable savings by taking part in an opportunity to secure materials, which were under distress threat.

Some of the ladies of the Methodist Church Wednesday afternoon, with Mrs. Frank DeLoe, president over the business section. The devotion was given by Mrs. A. L. Wallis and was very interesting.

Floods, Adverse Crop And Market Conditions Fail To Deter Financial Growth

With assets of \$8,000,000, as of January 1st, the three Glades financial institutions — Florida National at Belle Glade, Everglades Federal Savings and Loan Association and the Bank of Pahokee—have enjoyed a growth of over half a million dollars in assets during the immediate past year.

Deposits for the institution total \$7,100,765, with approximately half of this in 100 percent liquid condition and \$3,800,000 in loans. The Federal Savings and Loan has one and three quarter millions in longer term loans, and combination small business and living units.

The Florida Federal Savings & Loan Association has enjoyed an annual growth during the year, having added some 600 new members, and these resources. These monies have been spent in the Glades primarily in providing financing for housing, and must be reflected in the business of the strictly commercial banking institutions.

The condition of our financial institutions and the fact that insurance companies have actively entered the long time financing of cattle and farming lands in the area and up to produce the change in the economy of the Glades area as a whole.

The change in the economy of the Glades area as a whole, and the fact that insurance companies have actively entered the long time financing of cattle and farming lands in the area and up to produce the change in the economy of the Glades area as a whole.

Colin English To Remain In State Education

Colin English, former state superintendent of public instruction in Florida, will remain in the educational system of Florida.

The Board of Control, on Tuesday named him to a newly established position, that of Coordinator of Higher Education.

It was on the suggestion of Governor F. Lee Warren, and approved by the other members of the State Board of Control, that the position was established and Mr. English named to fill the position.

Mr. English's new job will connect him more with the state University work than with the public schools, and he will be a liaison officer for the Board of Education and the Board of Control.

Florida citizens will indeed be pleased that the Lee county educator, who has done so much to build up school and college education in the state, is not to retire from his chosen field of labor. His intimate knowledge gathered through his long term as a school administrator, will

stand him in good stead with his new position.

Lions Club Benefit at Everglades on February 3rd and 4th.

Announcement is made that the Belle Glade Lions club has contracted with R. Paul Fiscus, of Lake Worth, to put on his variety show entitled "Cabaret Beautiful". It will be held at the Everglades theater, on February 3rd and 4th, as the Clubs benefit show.

The cast will be made up of the best local talent, members of the club, as well as several specialty numbers by outside talent. It will be the most pretentious show that the club has ever attempted, and promises to be a big success. Rehearsals are now in progress under the direction of Mr. Fiscus.

The entertainment program of the Wednesday meeting, was provided by the showing of two most interesting films, one entitled "Operation Cross Roads", and the other "The Bikini Bomb Tests" as carried on by the National services, on July 1, 1946. This picture has just been released from the Navy film library, and the local presentation was its first in Palm Beach county. The second film was a National Guard release, entitled "Builder of Peace", which treated on benefits to be obtained from National Guard membership.

Everglades Theatre To Re-open Saturday

The management of the Gold-Dobrow Theatre announces that they are re-opening the Everglades Theatre for the season and shows will be run Saturday and Sunday of each week.

The box office will open at 6:45 and the show will start at 7:00 each night of showing. The admission prices have been set at thirty-five cents for the adults and fourteen cents for the children, with the tax included.

Opening show for screening "BAD MEN OF MISSOURI" with Dennis Morgan, Jane Wyman and Wayne Morris as the stars and a large cast of known featured players.

The film depicts an episode in the lives of the notorious Younger brothers of the Jesse James era told in the roistering, action-packed manner of all Western tales, with a romance threaded into the tale and some comedy moments to make it great entertainment for all lovers of the out-dor.

Other films booked for showing at the Everglades are "Valley of Giants", with Wayne Morris, Claire Trevor and Chas. Bickford. "The Sea Hawk" with Errol Flynn. "Fighting 69th" with James Cagney, Pat O'Brien and George Brent, and "Flowing Gold" with John Garfield, Frances Farmer and Pat O'Brien.

In a Hot Battle Game the Rams Defeat Lake Worth

A well filled auditorium saw the Golden Rams stack up against the Trojans from Lake Worth High, Tuesday night. The locals squeaked out a victory by a score of 30 to 28.

Each team had one scoring star, Rygwalski and Nelms, who each tossed in a dozen points. Otherwise the teams played on an equal basis.

Melange of Cases Heard Before Judge Jack Johnson

The Whitham brothers, who hail from Georgia, and who haul cargoes of nuts to Belle Glade for sale among the colored people, with a land on Sixth Street, got a bit cold and clammy over business conditions, so as to tone up their moral condition, both filled up on bad liquor, and raised a disturbance, including an assault on a young lad. Both men pleaded hard in Judge Johnson's court for a lenient fine, but they both drew the customary fine for the drunk and disorderly offenses.

Martina Frost, who got angry at her erst while paramour, and stabbed him in the back with a knife, sending him to the hospital for repairs, admitted her guilt. She was fined \$15 and costs, and must pay the hospital bills of the man she wounded.

Billy Evans, who hails from Texas and who has both legs off at the knees could not handle his liquor and also raised a breach of the peace. Evans expressed a desire to get back to his family, and Judge Johnson took him up on the proposition, and directed that he make himself conspicuous by his absence in 24 hours.

Charles Vommmer and Eddie Sherman, got into a row and scuffling fight over on Fifth Street Sunday afternoon, because Sherman claimed that Vommmer had insultingly whistled at his wife. The physical contact was a light affair with neither man being injured. Vommmer stated to the court that he thought Stewart was fooling him.

he picked up the rock. Both men drew \$15 and costs.

To cut down the possibility of more night breaking and entries, Chief Charles Goodlett has placed both prowl cars into night service. Persons who may desire to contact the police station may call either 30 or 2061, and service will be provided.

NEW STATE SCHOOL

Continued from page 1

tion becomes the third staff member to be appointed to the department by Bailey. Others are former county school superintendent, New Barstow, Palatka, now an assistant in administration and finance and J. K. (Pat) Chapman, elevated from supervisor on instruction to deputy superintendent.

And Dr. Strygle, along with Chapman and James L. Graham, director of administration and finance, now becomes part of Bailey's four-man "little cabinet" within the state school department.

FUTURE FARMERS (Continued from page 1)

sent Florida Counties with exhibits and participate in judging the contest on Saturday, Feb. 5, which has been dedicated to their activities.

Florida 4-H clubs, boys and girls will also participate with exhibits that will be augmented by an educational display presented by the U. S. Department of Agriculture. Home demonstration classes and contests will be conducted in the Florida Electrical Exhibition building where every possible modern convenience will be available for use in demonstrations of domestic arts.

STATE SEEDS (Continued from page 1)

has paid more than 82 per cent of the project costs, and granted longer payment period than 10 years.

That by granting Florida, which is now knocking at the Federal office for its first grant public improvement aid, it would benefit and hasten the needed impounding of waters, and providing the drainage which is needed in the central and south Florida sections.

The Florida delegation will be well fortified with local and engineering data, to show that changes recommended are vital if not imperative, for the carrying out the State's part in the important plan under consideration.

As this Army project is an all state project, in which the entire state will need to participate, it is finally, impounding will not be confined solely to the Kissimmee river and the Lake Okechobee area, but also takes in some sections to the north, among which is the St. John's river valley, in its southern stretches in Martin, Osceola, Brevard, Indian River and St. Lucie Counties.

Col. A. G. Matthews, chief engineer of the State Division of Water Control and Research, points out that proposed improvements in the St. John valley will mass in excess of ten million dollars. These improvements

SOUTH BAY
BEAN CITY
LAKE HARBOR

Mrs. T. E. Weathers is recovering nicely from a major operation at the Belle Glade Hospital on Wednesday, January 5.

Mrs. Mary McCarron is visiting her brother M. E. Shelby at Sanford for a week.

Mr. and Mrs. Edgar Hyde have gone to Gulf Park at Bradenton Beach for a month's stay.

Mark Challancin is spending a few days this week at Swainsboro, Ga., visiting Mr. and Mrs. George A. Thompson.

Richard Burney of Lake Worth spent Sunday with his mother, Mrs. Signe Burney and family.

Mrs. Mollie Faye Walker, honorary lieutenant colonel during the administration of Gov. Fuller Warren, and Miss Kathryn Cook, winner of the Palm Beach Beauty Contest, have returned from Tallahassee where they had participated in the program of events for the day of the Inauguration.

Mr. and Mrs. J. B. Nelson of Jacksonville were the week-end guests of his brother, W. L. Nelson and family. The Nelsons and their house guests enjoyed a fishing trip and picnic at Fishing Creek on Sunday.

Mrs. Lula Denton of Silverton Texas, spent the week with Mr. and Mrs. V. C. Denton at Pahokee.

Mrs. Mark Challancin, sons Jimmy and Mickey accompanied Mr. and Mrs. Douglas Matthews to the air maneuvers at Miami Sunday.

Mr. and Mrs. Virgil Hicks and son Leonard of New Haven, Conn., visited Mr. and Mrs. B. C. Willis, Mr. and F. W. Mutchler Sunday.

Mrs. Bessie Cranford is leaving the last of the week for Plant City where she will take treatments under a specialist for six weeks.

Mr. and Mrs. C. E. Crichfield visited Mr. and Mrs. Herbert Smith, Sr., at Craig Sunday.

Mrs. A. B. Barnes and Jesse have returned from Gainesville taking Patsy Keene home from a two week visit here. They also visited Daytona Beach, Royal Oak and Moulton Haven before returning home.

Mr. and Mrs. Eric Hartline took Sunday dinner and spent the day at Delray Beach with his mother, Mrs. Maude Hartline.

Mrs. Reta Hubbard of Tuskegee, Ga., were the Sunday guests of Mr. and Mrs. C. B. Higginbotham.

B. E. Cooper, Mr. and Mrs. Bronte Cooper left this week for their home at Arcata, California, after a month's visit with the former's brother, M. E. Cooper and family.

Beyling Waller returned home Monday from Tampa Municipal Hospital where he submitted to an operation last week.

Mrs. Howard Blair and daughter Sharon of Belle Glade were guests of Mrs. V. N. Greer and daughter Gloria Friday.

Susie Allen Has a Birthday

The WMU met at the South Bay Baptist Church on Thursday at 2:30 o'clock. The topic under discussion was, Christ, the Answer for the Individual at Church. Mrs. Helen Hardy was in charge of the program and parts were taken by the various members in attendance.

Little guests were Gloria Greer, Mary Matthews, Mary Lou Mott, Diane Hyde, Margaret Thames, Alice Hyde, Rudy and Joyce Cato, Mrs. Vivian Hunter, Jane Allen, C. C. Allen all of South Bay, Mrs. Nelson Willis and daughter Sadie of Belle Glade.

WMU Hold Interesting Meeting

The WMU met at the South Bay Baptist Church on Thursday at 2:30 o'clock. The topic under discussion was, Christ, the Answer for the Individual at Church. Mrs. Helen Hardy was in charge of the program and parts were taken by the various members in attendance.

Mormons Will Observe

Sacrament Services

District President LaMar Berrett of West Palm Beach announces services, Sunday School at 10:00 a.m. and Sacrament Meeting at 7:00 p.m., at the American Legion Hall in Belle Glade every Sunday. All members of the Church of Jesus Christ of Latter Day Saints are

urged to make it a point to be present at all services.

Home Demonstration

Club Plans for

Month's Activities

The South Bay Home Demonstration Club met at the school on Thursday afternoon, Mrs. A. B. Barnes presiding in the absence of the president, who was absent on account of illness. It was decided to change the hour of meetings from 3 o'clock to 2 o'clock hereafter.

The speaker of the afternoon was Walter H. Thames, entomologist at the Experiment Station, who discussed Household Insect Control.

He discussed the efficiency of several of the newer insecticide chemicals and urged housewives to read the labels on commercial sprays and dusts to be sure that these ingredients were present.

Miss Sara Horton, home demonstration agent, presented a demonstration of testing the pressure cooker and stated that the pressure testing gauge was available for anyone who wishes to test their home pressure canner. She gave a simple test for gelatin in jellies for jelly making and displayed a group of citrus preserves, marmalade and kumquat.

Announcement was made of the Senior Council meeting to be held in Belle Glade on Thursday, January 27, at which time county officers will be elected and installed and local presidents also installed. Dr. Haystack, entomologist at the Experiment Station, will discuss Household Insect Pest Control.

Each one attending is requested to bring her own sandwiches. Salad and the drink will be furnished by the hostess club.

Miss Horton announced that J. C. Penny of West Palm Beach would sponsor a cotton dress contest among home demonstration women the later part of February or first of March.

Each woman who desires to enter is required to call at the Penny Store during the second week in February where she will be given an apron pattern from which to make an apron to enter the contest.

Prizes will be given to three winners of the contest. First prize will be a \$25.00 certificate for purchase of merchandise at the store. Second prize will be a \$10.00 certificate and third prize will be a \$5.00 certificate for merchandise.

Prizes for the February meeting will be Mrs. J. K. Willis, Mrs. L. H. Willis and Mrs. Elizabeth Arrington.

Mrs. E. M. Willis, Mrs. G. Bowen, Mrs. J. E. Henderson and Mrs. S. E. Henderson were hostesses at the meeting and served hot toasted cheese sandwiches and cakes to Mrs. A. B. Barnes, Mrs. Elizabeth Arrington, Mrs. Minnie Hester, Mrs. W. H. Thames, Mrs. E. J. Barstow, Mrs. Fred Cato, Miss Horton, and Mrs. C. B. Higginbotham.

Town Clerk Alvin B. Crow presented his resignation to take effect on January 15, at the last South Bay Town Council. It was accepted and persons who wish to apply for the position were requested to put in an application before next meeting, when the applications will be considered for the position by Mayor W. M. Jeffries with the consent of the Council.

T. E. Weathers, superintendent of the South Bay U. S. Sugar Plantation, was presented and pointed out that it was the policy of the Sugar Corporation not permit peddlers, or dealers to solicit business or make deliveries of merchandise to the plantation without a permit to do so from the Clevelion office.

Girls To Make Dresses
Mrs. Mildred Michael met the Girls' 4-H Club Thursday and gave instructions for their entrance into the cotton dress contest. Each girl is to make a skirt and blouse. She had a number of patterns for making blouses out of handkerchiefs on

display and instructed each girl to have their material ready to start work at the next meeting which will be on Thursday, January 27.

Mrs. Michael will bring a sewing machine to that meeting on which the girls may sew. The garments are to be completed by February.

She stated that if this sewing project was finished and the record books brought up to date that one February meeting would be social in the form of a Valentine Party.

Ten club has approximately twelve members.

Farm Mortgages Foreclosures

Fake A Dip

Non-farm real estate foreclosures in Florida during the first nine months of 1948 totaled 349 and were ten per cent below the 1947 total for the same period, the research and industrial division of the Florida State Chamber of Commerce stated yesterday in its weekly business review.

"During the years 1943 through 1946 the strong upward trend in incomes served to reduce the occasions for foreclosures. However, although there was an increase in income, the number of non-farm

foreclosures increased. "The decrease in the first nine months of 1948, therefore, is particularly significant in view of the 1947 increase in foreclosures in Florida and throughout the nation.

"Nine months totals for Florida for previous years were: 1947: 1,043; 1946: 904; 1945: 462; 1944: 321; 1943: 235; 1942: 231; 1941: 274; and 1940: 374.

"Nationally the number of foreclosures decreased five per cent during the first nine months of 1948 from the comparable months of 1947."

Negro School Plans Approved for Belle Glade, Project

The plans for the proposed new elementary school for the colored people of Belle Glade

have been approved by the state department and the Palm Beach county school Board will soon ask bids on same.

The Board will make every endeavor to have the new structure up and equipped in time for the opening of the school year of 1949-50.

The Board has long owned a tract of land located in the south west portion of the city, to be used for school purposes. In addition to the school building, there will be provided playground grounds and an Athletic field, facilities which have never before been provided.

Physical education will be more than ever stressed among the colored children when such facilities become available.

The lamp behind the neon

BEHIND THE LIGHTED SIGN of the modern American pharmacy there burns a lamp as old as history itself—the lamp of learning.

For today's pharmacist is a man of long and specialized training. To get his college degree, he must have a broad and exact knowledge of the many technical sciences associated with the action, handling and dispensing of drugs, chemicals, biological products and other medicinal agents.

He must pass rigid State examinations to become a licensed pharmacist.

Then, like your doctor, he must keep abreast of the latest medical developments, the newest drugs, and the constant improvement in pharmaceutical products.

The shelves of his pharmacy are stocked with the newest discoveries of medical science and an array of bright, attractive merchandise that go to make today's drug store a center of service in his community.

Get better acquainted with your pharmacist. Trade with him—he's a man you can rely on.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 22, Michigan.

OBITUARIES

Continued from page 1

We may have a change in important offices in the nation and state, which may mean little or much, but, after all things, just go in the usual routine, and one does not stop to think much as to whether it is Caldwell or Warren in the gubernatorial chair in Florida. Perhaps the Warren new broom may in the course of the year make some important changes, but these will be absorbed in stride. Here in the Glades citizens are glad to know that the governor is of one hearted in favor of our Flood and Water Conservation program. That is the big measure for Florida's future growth and prosperity. It looks like Florida for once would be united on one state wide important cause.

See where the Florida Game Commission is urging that cool as they are becoming a menace to other wild game birds, and should be reduced by killing in vast quantities.

Game hunters hereabout claim that the past season was no so good for any kind of game. Far fewer deer were killed than usual, and wild turkeys did not add up on the string too fast or numerous.

Fatal automobile or serious accidents are becoming all too frequent in the Glades region. Some one in their estimated self rights are forgetting the rights and safety of others.

Cleveland people come to Belle Glade to get supplies, cause they say things are cheaper here. Belle Glade people go to East Coast cities for supplies because prices are higher in Belle Glade. How do you figure it out?

Officer Warren Brickey, who has charge of the parking meters, states that with the past ten days, all of the 215 machines have been given a thorough overhauling by an expert from the factory, so there is no reason why patrons should complain of meter inadequacies. The cost of making these repairs was at the expense of the machine owner corporation. Mr. Brickey states that the Commission ordered an additional 15 new machines, which will be placed on arrival. Brickey states that as a whole persons who use the parking spaces are willing to put their coins in the machines, but not all as ready to call and pay up for the red tickets given for over parking. Those who fail to do, will be given a notice to call at headquarters and settle up with their 25 cent charity fine, and if action is not forthcoming after notice, there will be a police court summons served on all such offenders, which will be

a more costly procedure for offenders. Brickey says that out of ten people like the parking system when they come here from surrounding towns to trade, and there are many such because they are assured of a safe parking space and easy of access. That the parking service has been much used this season, and the meter collections are showing increased collections.

Better have that 1949 tag on your car by and after January 15th, or else you will be open victims for the state patrolmen, who will watching cars most carefully after that date.

Costing you a bit more for some types of mail matter since January 1st. Letters and penny post cards still go at the old rate. Uncle Sam is endeavoring to recoup some of the immense losses he sustains each year in the handling of the nation's mail service.

Florida Senators in the U. S. seemed to fare well in their committee appointments, and both Holland and Pepper were most pleased. Pepper will be on the Foreign Relations Committee, and Holland on Agriculture and Public Works.

Some owners have come in reclaimed their dogs, but that there are now a score of dogs that are no more. At the present time there are some 40 dogs in the pound and the second sale or reclaiming of same will take place next week, otherwise some fine animals will have to get monoxide gas treatment.

New V. A. Ruling Affects Disability Claims

Veterans of World War One may not be out of luck on their disallowed disability claims for non-service connected pension benefits, because of a new V. A. ruling. Joseph E. Gum, Veterans Administration Contact Officer for this area, said today. Prior to the enactment of the new rule, veterans who applied for the non-service connected benefits had to be permanently and totally disabled. Under the rule now in effect, however, age and a lesser degree of disability play an important factor. In many instances, veterans heretofore disallowed, are now eligible since they meet the lower requirements. Disabilities and age are becoming more and more important in the rating for World War One veterans claims.

Gum pointed out it is the responsibility of the veteran to apply for a new rating of his claim to see if he meets the requirements. This may be done by writing direct to the Veterans Administration or by having your local service officer handle all the paper work. Those veterans who believe their claims should be re-rated should contact Mr. J. J. Frause, the Pahokee-Belle Glade service officer.

In Pahokee and Belle Glade each Wednesday to assist veterans and their dependents, Gum urged to contact him for more information or aid with their claims. Veterans of Pahokee should go to the City Hall Wednesday morning and to the Sanders Building in Belle Glade on Wednesday afternoons.

Gum reminded the Herald that this law applies to only World War One veterans with non-service connected disabilities, who filed claims with V. A. that was turned down.

Flood Control Will Aid Railways In All Florida

The state-wide significance of the \$208,000,000 Central and South Florida Flood Control Project was emphasized anew here this week by Col. A. G. Matthews, Chief Engineer of the State Division of Water Survey and Research.

He reviewed the disastrous damages inflicted on the transportation system of the State by floods at various times in the recent past.

Just last spring when the Suwannee, Aucilla and Ochlockonee way out of their banks parts of North Florida were completely isolated. The only way you could get out of Tallahassee was by boat or air.

"It is virtually impossible to estimate the millions lost in business and transportation when those disasters occur," Matthews declared.

Stressing the point that adoption of the \$208,000,000 program will set a state-wide precedent for the solving of flood problems everywhere in Florida, he cited the terrible damage to the State and county road systems in South Florida as a result of the 1947 floods.

"Road damage in that area amounted to nearly six million dollars," he declared, "and a considerable share of the money for repairs came directly out of the State treasury."

Matthews also recalled the re-routings in Central and South

Florida this fall that were made necessary by the heavy rains. And he pointed to the bridge crossings washouts on the Cheney Highway between Orlando and the East Coast.

Will Boost Program To Get Local Sales Of Home Produce

Experience has proven that the outside world will do nothing in the way of any great promotion in order to get our Everglades products before the marketing and buying public, so that if any thing of that type is accomplished we will need to do it ourselves. To set this movement rolling Tom Watson, of the Seminole Radio Station spearheading for the Belle Glade Chamber of Commerce, spoke before the Lions club Wednesday, in which he outlined a possible working system leading to such a concerted plan. The proposition was well received and will be publicized when local clubs and industrialists can perfect same.

The car sale promotion for Belle Glade swimming pool staged by the club came to a successful termination on last Friday night, when Amos Jones became the title holder of the Ford car. Some \$1200 was cleared on the deal.

Florida Teacher Examinations are Given Announcement

National Teachers Examinations for Florida school teachers who want to raise their rank and quality for higher pay will be held at 5 Florida universities February 19 and 20.

Teachers passing the tests can qualify for rank 5, 4, or 3 teaching certificates without the usual college training.

State School Supt. Thomas D. Bailey said the examinations will be held at Florida State University, University of Florida, University of Miami, University of Tampa, and Florida A. & M. College.

Deadline for applications to the State Department of Education to take the exams is January 7, Bailey said.

EVANS SUPER DELUXE HOME HEATERS

bring you clean, comfortable heat WITHOUT WORK!

ONLY EVANS GIVES YOU HEATING BENEFITS LIKE THESE:

- Exclusive fireplace window provides cherry glow of an open fire.
- Fan-forced heat provides a carpet of warmth at floor level where you need it.
- Horizontal heat chamber has 48% more heating surface for greater heat transfer.
- Heatwave blower pulls waste warm air down from ceiling and distributes it all through the house.

A few cents a day will put one of these beautiful Evans Heaters in your home.

EVANS BRINGS YOU A CARPET OF WARMTH FROM WALL-TO-WALL

WFB Air Show Opens
March of Dimes Drive

The two-day March of Dimes All-American air show—official opening of the county wide fund campaign for use in combating polio—will be held at International Airport here this weekend.

The show, which will feature a full three-hour program of aerial exhibitions, thrilling flight maneuvers and other performances, will be staged Saturday and Sunday at 2 p.m., according to Earl Gardner, county chairman of the fund drive.

In addition to the regular performers from the famed Rex

English troupe of aerial exhibitionists, the show will include a squadron of F 80's from Jacksonville under the command of Lt. Col. Bill D. Haviland, World War 2 flight veteran and former test pilot.

The program for the Flying Tigers air show under the direction of English will open with a flag jump by parachutist Red "Bat Man" Grant and an aerial acrobatic flight by Johnny Vasey, Billy Fisher and Major Art Davis.

The Tigers program also includes "tapewrapping" acrobatics by Major Davis; car to plane change by Billy Light, Vasey and English; Light plane acrobatics, Billy Fisher; wing walking and acrobatics by Billy Light on a ship piloted by Johnny Vasey; delayed parachute jump by Grant; landing a plane on top of an auto by Lowell White and a finale by Vasey, the national high speed acrobatic champion in his "nine day wonder."

The exhibition under Col. Haviland, will be done by a team of National Guard airmen billed as the Florida Rockets, flying Lockheed Shooting Stars, the much publicized jet planes of the Air Force.

Haviland said the crew do their maneuvers in a tight diamond formation at speeds in excess of 500 miles per hour and most of the time at low levels in order to stay in full view of the crowd. The Rockets' performances include a variety of acrobatics in formation, jet assisted take-offs and solo acrobatics. The National Guard troop includes a four-man flight of F-3 Mustangs, rated as the fastest propeller driven fighter plane in existence. Also included is a pair of speedy B-26 Bombers.

Among notables expected to attend, Gardner said, are Frances Langford, Jon Hall, Zach Moxley, Capt. Eddie Rickenbacker, Major Al Williams and Arthur Godfrey.

Ticket reservations for the event, Gardner said, are being handled by local organizations throughout the county.

Ray Whitlock, handling tickets in Belle Glade, while B. Elliott is the Pahokee chairman.

Johnson to Be Transferred to New Assignment

Major Johnson and Anna Johnson who have been the head of the Salvation Army work in Palm Beach county for the past eight years have been notified by National Headquarters that they are to be transferred to other fields of labor, the destination not as yet stated, but it will be a promotion in Army Work. This information brings regret to their wide acquaintance in the coun-

ty, but all are happy that deserved promotion is coming to these fine Christian people and workers.

Bill Graber Takes Lead in Bass Fishing Contest

Bill Graber, that avid fisherman from the Hartsville swamps, never neglects opportunity of wetting a line in Lake Okeechobee, if he thinks he can land a black bass. Last week he did get a five pound one once fish, which is leading the Parrish and Davis contest for January. The two big fish which were weighed in last week, after investigation, were disqualified, as it was shown that they had not been caught according to the rules of the contest.

Thousands of Fish Taken out of Rock Pit when Drained

The county rock pit located west of Chosen, which has been flooded with water since last October hurricane, is being pumped by four big Diesel engines, and the water is being lowered at a rapid rate. The county is again desirous of securing rock for road work in this section, and decided to reduce at least a part of the flood water. People who like fish have been harvesting a good crop of edible fish out of the big pond.

Water Control to Increase Florida Population

Under present conditions, the oratorically speaking, Florida's water sources could furnish a top population of six to seven million in the opinion of Col. A. G. Matthews, Chief Engineer of the State Division of Water Survey and Research.

"A population of ten million would have a bad time, he declared, hastening to add that Florida has an unlimited supply of water for all uses, provided it is controlled and conserved."

"In comparison with many states and many areas, Florida has a decided advantage in its vital water resources," he said. "The present population is more than two and a quarter million, and it is growing at the rate of 70,000 souls a year, therefore it behooves us to control and conserve a pure and plentiful supply of water to keep pace with that growing population," he warned.

Matthews based his estimate on a combination of factors. Conservatively, four feet of

rain a year falls on the State's approximate 50,000 square miles for a total of 240,000 square mile feet of water.

Sanitary engineers figure that each person uses an average of

one hundred gallons or 14 cubic feet of water a day. Over a year's time, then, the individual citizen will use, roughly

5,000 cubic feet of 37,500 gallons of water a year. And Flori-

da's two and a quarter million people will use nearly 70 billion gallons out of a supply of 45 cubic miles of water which runs into the trillions of gal-

New Chevrolet for 49

Tested and Proved...

ON THE WORLD'S TOUGHEST PROVING GROUND!

Mile after mile they put it through its paces... proved its speed, its acceleration, its economy!

At the General Motors Proving Ground there are men who are experts at raising cars! Find the flaws... get the facts! In their hands, when Chevrolet for 1949 was tested, they put it through its paces so vigorously and so thoroughly that there were no chances for hidden weaknesses to go undetected. What a break for the buyer!

... Instead of an experimental or test car, he gets a car that has **PROVED** speed, **PROVED** handling, **PROVED** economy, **PROVED** durability. Only Chevrolet, in the low priced field, has passed through the rigors of the "World's Toughest Proving Ground" and come to you thoroughly **TESTED**, **THOROUGHLY PROVED** and **THOROUGHLY APPROVED**.

QUESTIONS ANSWERED BY THE ORACLE OF PROPHECY

Question—How can I get faith?
Answer—By giving heed to Romans 10:17: "So then faith cometh by hearing, and hearing by the Word of God." Read, study, and inwardly digest the Word of God, and faith will grow to your heart.

Q—Are we not in the kingdom of grace?
A—True Christians are. Hebrews 4:16: "Let us therefore come boldly into the throne of grace, that we may obtain mercy, and find grace to help in time of need." It would be useless to come before a throne with no occasion. There must, therefore, be a king of grace. And, if there is a king, there are subjects. Therefore, while in this state, those who receive the grace or favor of God must be in the kingdom of grace.

Q—Did not God give the Ten Commandments first to Moses and then have him repeat them to the people?
A—The Ten Commandments were spoken by God directly to the people, and later He (God) wrote the Ten Commandments upon two tables of stone. Deuteronomy 4:12: "And the Lord spoke unto you out of the midst of the fire: ye heard the voice of the words, but saw no similitude; only ye heard a voice. And He declared unto you His covenant, which He commanded you to perform, even Ten Commandments: and He wrote them upon two tables of stone."

Q—What are you going to do with Philippians 1:23: "For I am in a strait between two, having a desire to depart, and to be with Christ: which is far better?"
A—"Why not believe it?" We discover when the apostle Paul expected to be with Christ by reading 1 Thessalonians 4:14, 17: "For the Lord Himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: then we which are alive and shall be with the Lord." Notice, it is "we"—that is, by resurrection or translation at the coming of Christ, that
